DUCKWATER SUMMER YOUTH PROGRAM : LIFE SKILLS

Recently, Kinross visited Duckwater to support the Summer Youth Program by teaching essential life skills. Volunteers provided instruction in CPR, basic first aid, and fire safety. In addition to funding the program, Kinross actively participates by educating the children in these vital areas. The event was interactive, ensuring that the kids remained engaged and had fun while learning life-saving techniques. Kinross sent Safety team members Nikki Engstrom and Nicky Peters to lead the sessions. They worked with seven students, along with a teacher and assistant, and together, they all did an outstanding job.

THE ZEN DEN

COME VISIT THE NEW SENSORY ROOM AT THE ROUND MOUNTAIN PUBLIC LIBRARY

The Round Mountain Public Library would like to invite you to come visit our new Sensory Room – The Zen Den.

A sensory room is a special room designed to develop a person's sense, usually through special lighting, music, and objects. It can be used as a therapy for children with limited communication skills.

Sensory room is an umbrella term used to categorize a broad variety of therapeutic spaces specifically designed and utilized to promote self-organization and positive change. There are multiple types of sensory rooms and purposes for use that have been created and implemented in different practice areas to date. Sensory rooms:

- Help to create a safe space
- Facilitate the therapeutic alliance
- Provide opportunities for engagement in prevention and crisis de-escalation strategies, as well as a host of other therapeutic exchanges
- Promotes self-care/self-nurturance, resilience and recovery

Sensory rooms are often full of many different types of equipment. This equipment is used to assist students in focusing on the present moment and to better process sensory information. Stocked equipment may be provided for balance and movement (trampolines, balance bars, swings), calming pressure (blankets, stuffed animals), or fidgeting behavior (fidget spinners, puzzles).

Sensory equipment can help develop key life skills including vocalization, gross motor skills, color recognition and tracking. With the help from Kinross Round Mountain Gold the Library District was able to add a sensory room at the Round Mountain Public Library. We are hoping that kids and adults can benefit greatly from this awesome tool gifted to our community.

For more information about this using this room please contact the Round Mountain Public Library @ 775-377-2215 or email joannas@svld.net.
