# Blast from the Past: Nevada History

## Belmont

Silver was discovered in Belmont, 43 miles northeast of Tonopah in Nye County, in 1865. In 1866 a rush of prospectors entered Belmont and named the mining district Silver Bend. The town developed into a thriving city with a population of 2,000, a ten-stamp mill, several banks, a school, telegraph service, stores, a post office, saloons, and two newspapers. In 1867 Belmont was designated as the Nye County seat, but a courthouse was not built until 1876. A twenty-stamp mill was constructed by the Belmont Silver Mining Company to keep pace with the increase in production, and by 1868 there were five sawmills operating to provide lumber for the mines and buildings. There was a lull in production by 1873 until several new mines opened. In 1874 the Belmont Courier began publication and the first Catholic and Episcopal Churches were built. Belmont remained the county seat until 1905, when mining production ceased and the population dwindled.

## Patriots Program

The Town of Round Mountain would like to honor our veterans, past and present. A project is underway to gather information, design and display our veterans. All at no cost for you!

These displays will have a special design for each branch: Air Force, Army, Marines, National Guard and Navy. With a picture in the center of the display it will include the veterans' rank, any operations served, and any/all metals acquired. Even if you do not see yourself as a hero, we do and would love to honor you or your loved ones in our Patriots Program.

The Town would like to reach out to everyone and encourage you to submit your veteran(s). This is not limited to veterans; we are also displaying those actively serving. Forms can be picked up and returned at the Round Mountain Public Library.

Again, this is free for you!

Contact the Round Mountain Public Library for more information.
